

**JAMES ROBERTS, MACLEOD
MAN, FATALLY SHOT AT
VERNON—FARMER ENROUTE
HOME FROM COAST MEETS
DEATH—NATIVE OF ENG-
LAND**

The sad news was received late Monday night at Macleod of a fatal shooting accident which occurred at Vernon, B.C., sometime yesterday. The victim of the accident was James Roberts, well-known farmer in the south Macleod district. No particulars of the accident were received, the telegram simply stated that he had been fatally shot, and asked the son and daughter to go at once to Vernon.

Mr. and Mrs. Roberts had been at the coast for the past few months on account of Mr. Roberts' health but he was so much improved in health that they were on their way home, and on the way were visiting relations at Vernon. Mr. Roberts came from the Old Country over 20 years ago and located at Macleod on the farm. Mrs. Roberts is a native of Macleod, her father, the late Harry Nash, was one of the old timers of Macleod.

They have one daughter, Miss Allison, who is teaching school at Eveline, south of Macleod, and two sons, Strachan, who is in the bank at Innisfail and Harry at the high school, Macleod. Miss Roberts and Harry left Wednesday morning for Vernon.

Further details have been received today in Macleod, of the sad tragedy which occurred on Monday at Vernon B.C. when James Roberts the well known south Macleod farmer was fatally shot. As already stated Mr. and Mrs. Roberts were on their way home from the Coast, where they had gone on account of Mr. Roberts' health, for a few months change. His health was so much improved that they were returning, and on the visited Mrs. Roberts brother Laurence Nash who is farming near Vernon. They were preparing to leave for the St. James, and while Mrs. Roberts and Mrs. Nash were dressing Mr. Roberts stopped outside the house, and it is surmised that he saw some pheas-

ants in the grain, and took the gun to scare them away. Mr. Nash had been in the habit of firing shots to scare the birds, and in walking to the field Mr. Roberts passed over some rocks, and it is believed that he tripped and in falling the gun went off, and killed him instantly. Mrs. Nash on hearing the shot ran out, and seeing Mr. Roberts lying, called her husband and the hired man, who on reaching Mr. Roberts found life extinct. The Coroner was called and on the sworn statements of Mr. Nash and the hired man, gave a certificate of accidental death.

Mr. Roberts was born at Selkirk, Scotland and was 46 years of age. He received his education at Edinburgh and came to Macleod over 20 years ago, and been farming on the Bolly River since. He was greatly esteemed and highly respected by his neighbors, and towns people of Macleod and all who knew him or had any dealings with him. Much sympathy is being expressed for Mrs. Roberts, Miss Allison, Strachan and Harry in their sad bereavement, as the family are all so well known in Macleod and the district. There is no word of the body being brought to Macleod for burial, and it is supposed that the funeral will take place either at Vernon or Vancouver where Mrs. Roberts father the late Mr. Harry Nash is buried.

THE MACLEOD TIMES**FIRST FORTNIGHTLY CROP REPORT**

(ISSUED BY DEPARTMENT OF AGRICULTURE, GOVERNMENT OF ALBERTA)

Prospects Bright in Lethbridge Northern

Highly encouraging prospects for the 1927 season in the Lethbridge Northern Irrigation area are reported by Premier Brownlee and Hon. V. W. Smith on their return from a conference with members of the advisory board in Lethbridge on May 16. It is expected that the acreage under cultivation in this part of the province will be considerably increased this year.

Members Plan Northern Tour
Preparations are being made for a tour of the Peace River country during the latter part of June by members of the legislature from all parts of the province. The trip will be made by special train over the E.P. & C. and Central Canada Railways and it is expected that a large proportion of the members will take advantage of this opportunity to visit the northland.

More Attractions for Tourists

The 1927 program of development in connection with Canada's National Parks includes the opening of the new motor highway from Lake Louise to Golden, the building of an exceptionally attractive hotel in Waterton Lakes Park and the inauguration of a through motor bus service between Glacier Park in Montana and Waterton Lakes, Calgary, Banff, Lake Louise and Field. These improvements will undoubtedly attract many more tourists to the scenic spots of the province the coming season.

Regulations for Fur Farms

Alberta was represented by Hon. George Hoadley, Minister of Agriculture and Benjamin Lawton, Game Commissioner at a meeting of officials from all the western provinces and Ontario, held at Winnipeg on May 20 and 21. As a result of this meeting uniform regulations will be drafted governing the operation of fur farms throughout the west. Some 200 applications have already been received from farmers who intend to breed muskrats and beaver on land adjacent to lakes in various parts of Alberta.

Northern Grain Shipments Heavy

A total of 5,431,475 bushels of grain have been shipped out over the Edmonton, Dunvegan and British Columbia line during the past season up to May 7. This compares with 3,249,475 bushels moved during the corresponding period last year and 2,463,252 bushels in 1924. Points along the Alberta & Great Waterways line this season have shipped 440,429 bushels while 727,651 bushels have been moved from the districts served by the Lacombe and Northwestern.

Free Transportation Cancelled

Free movement of farmers and their effects from the drier areas in southeastern Alberta to new locations elsewhere in the province will stop at the end of May when the agreement between the government and the railways will expire. During the past season to the end of April a total of 568 families with 985 cars of stock and effects have been moved under this arrangement. The majority of settlers thus changing their locations have gone to the farming country along the foothills from the Lethbridge district to as far north as Grande Prairie.

C. N. R. Building Big Depot

Construction work is being started immediately on the half-million dollar depot to be erected in Edmonton by the Canadian National Railway. The contract have been awarded during the past week to the Permanent Construction Co., Edmonton.

Wage War Again on Noxious Weeds

A vigorous campaign against noxious weeds is again being undertaken this season by the Department of Agriculture. Following a number of conferences at different points in the province attended by officials of the department, municipal councils and farmers, the sixteen field supervisors will take up their duties and co-operate with farmers and municipal officials in the eradication and control of the weeds which every year reduce the amount and quality of grain yields.

Conferences in this connection are being held at Claresholm on May 17 and 18; Olds, May 20 and 21; Whitecourt, June 1 and 2; Spirit River, June 3 and 4 and Grande Prairie, June 6 and 7.

WHEAT POOL NEWS

Commencing June 20th, the Alberta Wheat Pool will undertake an intensive drive for the signing up of the Second Series of contracts. Joseph Bennett, superintendent of the Prince Rupert Wheat Pool terminal elevator, was in Calgary and stated that twenty shiploads of grain or six million bushels would be the season's handling for the terminal. The last boat, the Yonci Maru, will load three hundred thousand bushels of wheat in June for Shanghai.

The first British Columbia Wheat Pool local to be formed was organized at Bridesville, B.C. by W. J. Jackman, director of the Alberta Pool. British Columbia wheat farmers are greatly interested in the Pool.

The terminal elevator site purchased by the Alberta Wheat Pool in Vancouver Harbor is one of the best locations for an elevator to be found there.

WHEAT POOL RALLY

The board of directors of the Alberta Wheat Pool have decided to commence an active campaign for the signing of the Second Series of Wheat Pool contracts. The drive is to start on June 20th.

In preparation for this campaign a conference of the seventy Wheat Pool delegates has been called for Monday, June 6th, in Calgary. This conference will last for two days.

On Wednesday, June 8th a Co-operative Rally will be held which will be addressed by notable speakers. The premiers of Manitoba, Saskatchewan and Alberta will be invited to attend and address the gathering. Others to be invited are the federal members for Alberta constituencies, the members of the provincial legislature, the presidents of the various community clubs in the cities, towns and villages of Alberta, the officers of the United Farmers of Alberta and the United Farm Women of Alberta.

At the meeting of the delegates the campaign will be planned. Every wheat producer in Alberta will be canvassed to sign a contract. The Wheat Pool Locals, some 265 in number, will be called upon to undertake the work of covering the province. Each of the seven districts will be responsible for the organization of their districts and subsequently meetings will be held throughout the rural portions of the province.

The addresses to be delivered at the Co-operative Rally on Wednesday, June 8th will be broadcasted by the Pool.

AIR FORCE CROSS BESTOWED BY KING ON ATLANTIC FLIER

London, 31.—A young man with keen eyes and a winning smile called at Buckingham Palace today and told His Majesty the King how it feels to fly over the Atlantic, all alone from New York to Paris.

The King received his visitor cordially and before many minutes had passed decorated him with the Air Force Cross, to add to the French Legion of Honor and the Belgian insignia of Knight of the Order of Leopold, which Capt. Lindbergh already wears.

The cross, instituted in 1918, designed for bestowal upon officers and warrant officers of the Royal Air Force for acts of courage or devotion to duty when flying, although not in active operations against an enemy.

The honor conferred by His Majesty seemed to stump the hero; he flushed and for a second hesitated as to what he should do next, but another hand shake from the King soon put him at his ease.

THE EMPRESS THEATRE — CURRENT ATTRACTIONS

"CABARET" SHOWS REAL NIGHT LIFE—GLIDA GRAY INTRODUCES A NEW DANCE PICTURE; VIGNOLA DIRECTS

Gilda Gray surprised a great many persons when "Aloma of the South Seas" was unanimously called the best first picture a screen movie had ever made. Now comes her second, "Cabaret," and the former idol of the music halls again proves that she knows much more about films as she does about dancing—and believe you me—that plenty! Gilda isn't the first terpsichorean exponent to attempt adventuring in cinemaland but she does stand alone in having made a running start and followed it up with another wow!

As in "Aloma," Miss Gray is again surrounded by a better than average cast. Home Moore and Chester Conklin are featured and with two such "trouper" as these, the star found herself receiving excellent support. Mona Palma, one of the Paramount junior stars, Jack Egan, William Harrigan and Charles Beyer all contribute fine performances.

As for the story, a thrilling affair if ever there was one, it has to do with Gloria Trask, a dancer in a Broadway cabaret, who becomes involved in a web of affairs which lead to a murder and surprising denouement. The settings and atmosphere are uniformly good and Director Robert Vignola contributes many fine touches which add much to the general makeup of the picture.

Did someone ask, "Does Gilda dance?" Yes sir, and it isn't a shimmy, hula or Black Bottom. Gilda dances as she sings. "The Cabaret" and—worth the price of admission without anything else! The picture at the Empress Theatre Monday and Tuesday.

SPECIAL ROAD ATTRACTION—"FRENCH LEAVE"—GREAT ENGLISH COMEDY SUCCESS COMING TO EMPRESS

By one of those quick moves for which he is noted, Manager Cutler has secured the "London" Company which will present here for one night only on Wednesday June 15th, the much talked about English Comedy success "French Leave"—and better still—it is to be played at popular prices—so there would seem to be no real reason why the house should not be crowded to witness what from all accounts is a successful year of affairs.

"French Leave" was first produced and ran for an entire season at the Apollo and Globe theatres in London, and was one of the out-

standing successes of recent years. It is a very funny light comedy depicting scenes behind the lines—"In Billets"—"Somewhere in France"—but without any of the tragedy or serious side of the campaign being introduced into the action.

As one of the great London dailies said—"It is a delicious satire on Army rules and discipline and withal so clear of any bitterness that even those at whom some of its shafts are aimed, laugh delightedly at the comedy situations so reminiscent of the great campaign."

Playing the two leading characters are Miss Peggie Burnand, formerly of London, and her recent portrayal of Silnor Beauchamp in "So this is London" will be remembered with pleasure by many local theatre goers. In "French Leave" Miss Peggie plays Juliette whose escapade gets some of the "higher-ups" of the B.E.F. into all kinds of trouble while, as Brig. Gen. Root C.B. D.S.O. Mr. Frank G. Vyvyan is seen to great advantage in a part with which he is very familiar, having been in the English cast of the same comedy.

More recently his masterly portrayal of "Sir Percy Beauchamp" in "So this is London" during its record making run in Vancouver of ten weeks, and also during the past season on the road, has earned for him the unqualified approval of every critic between here and the great Lakes—the Winnipeg verdict being that it was the outstanding performance of many years in that city. His Brig. Gen. Root is said to be a worthy companion to "Sir Percy."

RACING FEATURE COMES TO EMPRESS FRIDAY AND SATURDAY
"Winning the Futurity," a thrilling story of the race track, will be at the Empress Theatre Friday and Saturday. It is the screen version of the well known dramatic success by the same name. It is a Chadwick Pictures Corporation production under the personal supervision of Hunt Stromberg. Cullen Landis and Clara Horton are supported by a splendid company.

"Winning the Futurity" is the winning of a happy future for two lovers by the simple act of the beautiful head of "Firefly" racing first under the wire. It is a melodrama of thrills and exciting action. Clara Horton is rescued from a threatened death in whirling rapidity by the sheer daring of Cullen Landis. And the story ends with a race track scene that is unsur-

CALL BOY WON DERBY—KING GEORGE AND LINDBERGH AMONG HUGE DERRY CROWD

Epsom, Eng., June 1.—Frank Curzon's Call Boy, the favorite, raced to victory in the 144th running of the historic Derby today with King George and Captain Lindbergh among the thousands looking on. Epsom Downs was fairly alive with spectators.

Hot Knight was second and Shian Mor third.

Up to the time of the start interest was divided between the preparations for the race and the presence of Lindbergh in the stand as the guest of Lord Londsdale, famous British turfman. Once the horses were off, however, all eyes turned to the course and the choice of the field raced down the final stretch of the one and a half miles course through a lane of cheering thousands.

Hot Knight, the second horse, was owned by Sir V. Sasson, and Shian Mor by J. J. Gourtauld. Twenty-three horses ran.

Call Boy won by two lengths, with eight lengths between the second and third horses.

NEW MODEL FORD CAR IN PROCESS OF MAKING

Ford, Ontario, May 25th.—A new Ford car of extensively revised design was announced late today in an official statement issued by W. R. Campbell, Vice President and Treasurer of the Ford Motor Company of Canada, Limited.

"Production of a new Ford Car, superior in design and performance to any now available in the low priced light car field, will shortly be started by this Company. The Model 'T' Ford, which, for twenty years has been the leader in the automotive industry, will continue to be a substantial factor in production in view of the fact that all Model 'T' cars now in service will, for many years, require replacement parts."

Information as to the date on which production of the new model Ford will begin was not forthcoming, but it was indicated that the work of swinging over the huge Ford Factory here, which is the largest automobile factory in the Empire, will immediately be initiated. This work will necessitate the replacing and rearrangement of thousands of machines and will entail an enormous expenditure of money and labor but it is said that plans for its execution have been thoroughly developed and that the work will proceed with great celerity.

The new Ford Car, it was learned, has been designed by Henry Ford who also designed the famous Model 'T' and its predecessors and is the product of many years of engineering research. The present car was one of the largest factors in creating the conditions which now make the new model Ford possible.

The world wide influence of the Ford in the building of good roads and in teaching the people the use and value of mechanical power is conceded. Nowadays everybody runs some kind of motor power, but twenty years ago when the Model 'T' was introduced, only the adventurous few could be induced to use an automobile. It had a harder time winning public confidence than the aeroplane has now. The Model 'T' was the great educator in this respect. It was the car that ran for there were good roads to run upon. It broke down barriers of distance in rural sections, brought people of those sections closer together and placed education within the reach of everyone. It is still the pioneer in many parts of the world which are just beginning to be motorized, but conditions in Canada and in the United States have so greatly changed that further refinement in motor car construction is now desirable and the new model is a recognition of this.

With the new car the Ford interests will continue in the light car field which they created on the same basis of quantity production, giving high quality, low price and constant service. For this new model claims speed, style, flexibility and in price it promises to be a notable contribution to the motor world. It is understood that it will cost more to manufacture than the present Model 'T', but that it will be more economical to operate.

LOOSENING THE PURSE STRINGS

That magnificent exploit of Captain Charles Lindbergh in flying from New York to Paris will be worth millions of dollars to commercial aviation on this continent.

The difficulty that civil flying has always faced is the fact that aviation is essentially an industry that appeals to adventurous youth more than to more conservative middle age.

And yet it is upon the awakened interest of the middle-aged men who control industrial money that civil aviation must depend.

To capture the imagination of the cautious investor is the first problem to be solved.

The feat of Captain Lindbergh demonstrating the potentialities of the airplane and the utmost safety with which those potentialities can be translated into fact, will stir the imagination and awaken the interest of every man and woman in the civilized world, no matter how cautious they may be.

Day by day the public purse-strings are being loosened for this new industry. Day by day civil aviation, through the feat of such intrepid men as Captain Lindbergh, is being brought closer to the great and fruitful future that is before it.

that motherhood is "the last relic of slavery." Mothers, attest the lady delegates, receive no wages for their work.

When a certain American millionaire was married not long ago, a contract was drawn up that the wife was to receive some few thousands or tens of thousands of dollars for each child borne. Were the world made up of millionaires, it is of course possible that the labor of motherhood might be recompensed at something akin to its true worth. Not all of us being millionaires, however, it is but natural to wonder how the English ladies plan to fix the wage scale in order to emancipate the slaves. It is to be wondered, too, if womanhood as a whole would put a stamp of approval on any hard

OBITUARY

DEATH OF CUTHBERT ALLAN DUNBAR

The death of Cuthbert Allan Dunbar, third son of Mr. and Mrs. William Dunbar of Macleod, occurred Mon. May 23rd at Van Harn hospital, Lethbridge. The boy was ten years of age and was taken to the hospital some weeks ago suffering from mastoids which eventually proved fatal. He is survived by his parents, three brothers and a married sister, Mrs. Eddie Jasman all residing in Macleod. The funeral took place on Thurs. May 26th at three o'clock in the afternoon from the United church and was attended by his classmates of grade four in the public school. Much sympathy is felt for the bereaved family in the town where they are all well known. The funeral services were conducted by Mr. D. A. Cooper, student in charge of the South Macleod Mission in the absence of the Rev. Mr. Irwin. Interment took place in the Union Cemetery.

The pall bearers were: Donald Sutherland, Walter Green, Alfred Rands and Norvil Marks.

The Canadian Western Natural Gas, Light, Heat and Power Company, Limited

6% Participating Sinking Fund Preference Shares

Preferred as to capital and dividends. Cumulative dividends at the rate of 6% per annum payable quarterly March 1st, June 1st, September 1st and December 1st, by cheque payable at par at any branch in Canada of The Royal Bank of Canada, or in United States funds at the Agency of The Royal Bank of Canada in New York. Redeemable as a whole or in part at the option of the Company on any dividend date on sixty days' notice at 105% of par value plus accrued and unpaid dividends to date of redemption. In addition to the fixed dividend of 6% per annum, holders of Preference Shares shall be paid a further dividend of 1% per annum, in the event of the Company declaring and paying dividends at the rate of not less than 7% per annum on the ordinary shares.

The Company operates under the jurisdiction of the Board of Public Utility Commissioners for the Province of Alberta, which has the right to supervise operations of the Company's properties and to fix, determine and regulate rates so as to provide a reasonable return to the Company and ensure the sale of gas at equitable rates.

Annual Sinking Fund to commence December 31, 1930, for exclusive retirement of Preference Shares, equal to 2% of all issued Preference Shares.

There will be placed with the Montreal Trust Company for the exclusive retirement of the Company's 5% Registered Debenture Stock a sum equal to the par amount of all such Debenture Stock now outstanding. These Preference Shares, therefore, will be, in effect, the senior security of the Company.

For detailed information, we refer to the prospectus containing letter from Mr. C. J. Yorath, President of the Company, which has been summarized in part as follows:

The Company

The Canadian Western Natural Gas, Light, Heat & Power Company, Limited, produces and distributes natural gas for heating and industrial purposes to the cities of Calgary and Lethbridge and the towns of Granum, Claresholm, Macleod, Nanton, Okotoks and Brooks. The Company serves a population of approximately 85,000 and the number of consumers has increased from approximately 5,000 in 1913, to in excess of 15,000 at the present time.

Properties

The Company owns 21 producing gas wells, mainly in the Bow Island and Foremost gas fields. The Company has entered into an agreement to purchase substantial quantities of gas from the Royaltie Oil Company, Limited (a subsidiary of Imperial Oil, Limited), which operates important wells in the Turner Valley.

Earnings

For the three years and three months ended December 31, 1926, net earnings available for dividends on Preference Shares and income taxes, as certified by Messrs. George A. Touche & Company, Chartered Accountants, Calgary, were at the rate of \$436,429 per annum—equal to over 2.8 times dividend requirements on all Preference Shares now outstanding, including those proposed to be issued.

The above earnings are after operating expenses, including maintenance and repairs, and after deducting an average of \$185,977 per annum set aside for amortization in accordance with Order of the Board of Public Utility Commissioners for the Province of Alberta, dated November 16, 1926.

Assets

Tangible assets of the Company, as determined by Board of Public Utility Commissioners for the Province of Alberta for rate making purposes, were valued, as at November 16, 1926, at \$6,192,440, or equal to over \$238 for each \$100 of par value of Preference Shares now outstanding and including those proposed to be issued.

Preference Shares

The authorized amount of Preference Shares of the Company is \$3,000,000, of a par value of \$100 per share, of which \$2,600,000 par value will be outstanding, including the shares proposed to be issued. Preference Shares are preferred as to capital and dividends, but they are non-voting, unless four quarterly dividends shall be in arrears.

Except with the consent of holders of 60% of all Preference Shares outstanding, the Company shall not permit the creation of any further mortgage or charge upon its properties to secure any issue of bonds, debentures or debenture stock, nor, except with such consent, shall the aggregate in par value of all Preference Shares to be at any time outstanding exceed 50% of the value of the Company's fixed assets to be determined upon the same basis as that fixed by the Board of Public Utility Commissioners for the Province of Alberta.

We offer these Shares for delivery if, as and when issued and received by us and subject to the opinion of our Counsel at,

Price: 97 and accrued dividend, yielding 6.19%

passed in the history of the screen. All the world loves a horse, es-

pecially when that horse is a thoroughbred and the pet of the farm. "Firefly" is a star in his class and rivals the hero and the heroine in the affection of the audience.

The girl in the story is threatened with the loss of her old home and

reaching stables and stock unless she makes a payment of \$100,000 within eighteen months. She refuses the attentions of the man who holds the mortgage and remains loyal to her boy-lover of the mountains.

And her loyalty is rewarded. For her lover swears by the winged heels of "Firefly" that he will win in the coming race, the Futurity event for two year olds. He does win—wins back the home for the girl he loves and a "live happily ever after" future.

FAVORITES WITH SYD CHAPLIN

—IN HIS LATEST COMEDY FEATURE

A remarkable gang of screen favorites appears in the cast of Warner Bros. "Oh! What a Nurse!" the Syd Chaplin picture which is coming to the Empress Theatre on Wednesday and Thursday. Patsy Ruth Miller, selected to play opposite Chaplin, already has played the feminine lead in "Rose of the World," "Red Hot Tires" and "Hogan's Alley." Others chosen for important characterizations, are:

Gayne Whitman, successively in "The Pleasure Buyers," "The Wife Who Wasn't Wanted" (in which he played the unscrupulous lawyer), and "His Majesty Bunker Bean," Pat Hartigan (Jambor Niles in "Below the Line") and the Swede in "Bobbed Hair," Edith Yorke (Mrs. Case in "Below the Line"), Dave Torrance and Raymond Wells. Charles "Chuck" Reisner directed.

IS GILDA GRAY FUNNY? 'SO'S HER OLD MAN'

Gilda Gray is not a very respectful daughter. She laughs at almost everything her father does, and the more serious he gets the more she laughs.

"My old man's a scream," says Gilda. "Look at that mustache. It's a panic. And those spectacles—why, they're priceless. He's so ridiculous that sometimes I think him altogether crazy."

Miss Gray's remarks referred to Chester Conklin, the be-mustache comedian, who is cast as Jerry Trush, her father, in her second Paramount starring picture, "Cabaret," which reaches the Empress on Monday and Tuesday. The star of "Aloma of the South Seas" was a great admirer of Chester's comedy characterizations but had never met him until production on "Cabaret" started. She found him even funnier in person.

Gilda Gray is a Broadway night club entertainer in "Cabaret," and Conklin a taxi driver. Tom Moore and Mona Palma also have leading roles. "Cabaret" is an original melodrama of New York life by Owen Davis. Becky Gardiner wrote the screen play.

OH! WHAT A COMEDY!

"Oh! What a Nurse!" a Warner picture starring Syd Chaplin. Story by Robert E. Sherwood and Bertram Bloch. Directed by "Chuck" Reisner. At the Empress Theatre next Wednesday and Thursday.

"Oh! What a comedy!" Syd Chaplin proved in "Charley's Aunt" and "The Man on the Box" that he knew how to get the laughs. But he gets as many in "Oh! What a Nurse!" as in the two other pictures together.

Here is a laugh show that affords as much entertainment as one can stand without previous physical discomfort. It sets out right at the start to create laughter, and it keeps it up at a breathless, gurgling pace.

Chaplin appears as a newspaper reporter, who dives from a ferryboat to rescue a girl, and gets picked up by a rum running tux and who is forced into the costume of a bootleg queen in order to divert suspicion from the real culprit. Like any good newspaper man, the reporter, with an assignment to cover, does not pause even to change his clothes when he has a job to be attended to. The result is that, in the bootleg queen's outfit, he runs into a maze of trouble, and, to get himself out of it, seizes a nurse's costume. From then on, his adventures are indescribably comical.

Like his brother, Charlie, Syd Chaplin is a born comedian; an artist in his line. And his line is one that aids greatly to the hilarity of the nation.

Mrs. Dixon and her sons had to remove from their Island home this week on account of the high water. Mr. and Mrs. Welch who were farming on the old Harbelker Island were also brought to the mainland via row boat transportation.

Commissioner Cortlandt Starnes, of the R. C. M. P., was a visitor to Macleod this week. His large circle of friends were glad to welcome the commissioner who previous to his appointment was superintendent in Macleod for a number of years.

The body of H. Sisinga who was reported drowned in Willow Creek on Sunday week last has not yet been discovered. Both the town and the provincial police have dragged the creek in the vicinity of the accident but without results. It is thought that on account of the high water the body will be discovered in the main river.

The Competitive Significance of Chrysler's Rise to 4th Place

27th—18th—then 9th—and now 4th place in volume in the industry! Such is the sensational three-year advance of Chrysler—on and upward to new heights of success.

Public preference for Chrysler products has thus been unmistakably expressed.

And, at the same time, are clearly evidenced the splendid sales achievements of the fine Chrysler dealer organization.

The public has endorsed Chrysler in the four great quality fields of the automobile market with its record breaking patronage—

First, because of Chrysler engineering and manufacturing genius.

Second, because of Chrysler performance, beauty, riding comfort, value and long life.

Third, because of the soundness of Chrysler Standardized Quality line of 36 body styles, priced from \$940 to \$4675, enabling Chrysler dealers to dominate the four great quality car markets.

Miss Funnell, who so successfully has managed the Macleod Store
since last November wishes to thank you all for your kindness
and patronage. She says you are the best class of customers in the
world. Miss Funnell has been promoted to a new position. Her
successor, Miss Summer, has been trained in the Lethbridge
store and is capable of giving you the same perfect and pleasant
service.
